EDUCATIONAL AND UPBRINGING WORK

Educational and upbringing work is carried out in nine directions:

1. **Fostering New Kazakhstani Patriotism and Citizenship, Legal Education**

Goal: To develop a patriotic and civic-minded individual with a rational and emotional attitude towards the homeland, understanding and respecting the laws of the state and society, resisting political, legal, and corruption violations, and being ready to oppose violence among children and adolescents.

2. **Spiritual and Cognitive Education**

Goal: To foster a deep understanding of the value-based foundations of the "RukhaniZhangyru" program, to cultivate spiritual and moral qualities and perspectives in accordance with ethical principles, personal values, and the customs of Kazakh society.

3. **National Education**

Goal: To guide individuals toward universal and national values, respect for the native and state languages, the culture and ethnicity of the Kazakh people, as well as for ethnic groups in the Republic of Kazakhstan.

4. **Family Education**

Goal: To educate parents, enhance their psychological and pedagogical competence, and strengthen their responsibility for raising children.

5. **Labor, Economic, and Environmental Education**

Goal: To form a conscious attitude toward professional self-determination, develop economic thinking, and cultivate an individual's ecological culture.

6. **Multicultural and Artistic-Aesthetic Education**

Goal: To develop general cultural behavioral skills, foster readiness for personal development, appreciate aesthetic values in art, and create a multicultural environment in educational institutions.

7. **Intellectual Education and Information Culture**

Goal: To create a motivational space for developing each individual's intellectual abilities, leadership skills, talents, and for fostering information culture.

8. **Physical Education and Healthy Lifestyle**

Goal: To successfully develop healthy lifestyle skills, preserve physical and psychological health, and create conditions to identify factors that harm health.

9. **Unified Upbringing Program «Honest Citizen"**

Goal: To foster spiritual and moral values, honesty, justice, kindness, and human qualities; promote active participation in socially significant activities; and support children with special educational needs.
