EDUCATIONAL AND UPBRINGING WORK

Educational and upbringing work is carried out in nine directions:

1. Fostering New Kazakhstani Patriotism and Citizenship, Legal Education

Goal: To develop a patriotic and civic-minded individual with a rational and emotional attitude towards the homeland, understanding and respecting the laws of the state and society, resisting political, legal, and corruption violations, and being ready to oppose violence among children and adolescents.

2. Spiritual and Cognitive Education

Goal: To foster a deep understanding of the value-based foundations of the "RukhaniZhangyru" program, to cultivate spiritual and moral qualities and perspectives in accordance with ethical principles, personal values, and the customs of Kazakh society.

3. National Education

Goal: To guide individuals toward universal and national values, respect for the native and state languages, the culture and ethnicity of the Kazakh people, as well as for ethnic groups in the Republic of Kazakhstan.

4. Family Education

Goal: To educate parents, enhance their psychological and pedagogical competence, and strengthen their responsibility for raising children.

5. Labor, Economic, and Environmental Education

Goal: To form a conscious attitude toward professional self-determination, develop economic thinking, and cultivate an individual's ecological culture.

6. Multicultural and Artistic-Aesthetic Education

Goal: To develop general cultural behavioral skills, foster readiness for personal development, appreciate aesthetic values in art, and create a multicultural environment in educational institutions.

7. Intellectual Education and Information Culture

Goal: To create a motivational space for developing each individual's intellectual abilities, leadership skills, talents, and for fostering information culture.

8. Physical Education and Healthy Lifestyle

Goal: To successfully develop healthy lifestyle skills, preserve physical and psychological health, and create conditions to identify factors that harm health.

9. Unified Upbringing Program «Honest Citizen»

Goal: To foster spiritual and moral values, honesty, justice, kindness, and human qualities; promote active participation in socially significant activities; and support children with special educational needs.
