

FORMATION AND FORMATION OF THE UNIVERSITY

Bolashak University is one of the most popular universities in the republic. Kazakhstan's possession of dual Russian diplomas for 20 years does not entitle our compatriots. This is the founder, scientific director of the University, the Republic of Kazakhstan. Academician of the National Academy of Sciences, Doctor of Economics, Professor Dosmanbetov Bakbergen Sarsenovich.

The foundation of Bolashak University is connected with the opening of the Kyzylorda branch of the Moscow University of International Business and Information Technologies in 1995.

"In the first years, students studied in the specialties of management, information technologies in economics, finance and credit, commerce, marketing, statistics, Accounting, information technologies in international management, international information business. Since that time, for the first time in the republic, distance learning technologies have been widely used. In 1999, the branch of the university was independently established by the Kyzylorda University of Economics, Statistics and Informatics (CECI). The beginning of the work of the educational institution according to the programs of secondary, higher, post-secondary, additional education in accordance with the state license. On the basis of the university, in accordance with the order of the rector of the L. N. Gumilev Eurasian National University dated July 16, 1999, the Kyzylorda branch was opened and students were accepted..

"The main goal of the Kyzylorda branch of the L. N. Gumilyov Eurasian National University is to train highly qualified specialists for the West Kazakhstan, Mangistau, Atyrau, Aktobe, South Kazakhstan and Zhambyl regions.

The branch of the university has the opportunity to study in the following specialties:

"Translation", "Oriental Studies", "pedagogy and methods of primary education", "Foreign language", "Design", "International economic relations", "Traffic management", "Mathematics", "Computer Science", "Mathematics in economics", "Political science", "History of Kazakhstan", "Journalism", "Kazakh language and literature", "Jurisprudence", "socio - cultural service and tourism", "Economics", "state and local administration", "finance and credit", "Customs", "state management", "Management", "choreography", "music and singing".

The opening of a branch of the L. N. Gumilyov Eurasian National University began to form the traditions of the modern university. In the structure of university-wide departments, he gave lectures. It contributed to the dynamic development. As a result, 1 faculty and 3 departments worked. During the activity of the branch, well-known domestic scientists came to the university, and this trend continues today.

In accordance with the decision of the founders, on August 28, 2001, the university was transformed into the Bolashak University.

This year, a college was opened at the university, in 2013

The Bolashak Medical College was opened and started accepting applicants.

In 2005, the university was awarded the gold medal of the International Foundation "for high quality of business practice", in 2006-the gold medal "For impeccable business reputation" in the development of the Kazakh-Swiss Business Club. In 2006, representatives of the University took part in the III International Association of Economists in Paris. The winner of the university's trade and production rating in 2014.

The university is the owner of the Geneva award of the European Golden Sign "For Quality and Trade Reputation" in 2014.

The university was accredited by the Institute in 2018. Today, the university consists of 2 higher schools, 10 departments, two higher colleges, an educational and practical and wellness center "Astaukol,

There is an agrobiological and scientific-practical section "Baizhansai".
